ABOUT THE JUNIOR LEAGUE OF LANCASTER

Established in 1923, the Junior League of Lancaster is an organization of women whose mission is to advance women's leadership for meaningful community impact through volunteer action, collaboration, and training. Junior League members scan the needs of our community, conduct issue-based research and identify areas where we can be most impactful in our local ecosystem. As of June 2022, our current initiatives include Nutrition Insecurity, a newly adopted Issue-Based Community Impact (IBCI) focus area, to combat the lack of access to healthy and nutrient-rich food and improve nutrition knowledge and dietary habits across all populations in Lancaster County. For nearly a century, we have identified the needs of our area and have rallied to provide meaningful and lasting improvements. Our purpose is exclusively educational and charitable.

Please visit the League's website at www.jllancaster.org for more information about the League's projects, programs and fundraisers.
